EXPERIENCE

May – Jun ‘25 **Pennine Distribution Centre** · *Digital Solutions Lead*

- Streamlined procurement by architecting an Onsignt B2B Sales portal for 8 branches of Worldwide Foods, replacing manual entry with a single-user mobile app workflow.
- Boosted fulfilment by 15% by mapping the product hierarchy on Onsignt to the warehouse layout, including pictures, and generating optimal pick paths automatically.
- Resolved cross-system data conflicts and led integrations among Onsignt, accounting, ordering, and processing platforms while ensuring interoperability under legacy constraints, increasing the sum value of stock that is nominally available by >£10,000.

Mar – Sep ‘19 **Pennine Distribution Centre** · *Database Administrator*

- Consolidated disparate responsibilities into a structured role to centralise operations of Worldwide Foods in one warehouse, with a view to interdependencies.
- Tripled weekly payables by >£100,000 by automating data-entry using my suite of in-house scripts, clearing a months-long backlog.
- Optimised flow of goods and information with the first stock-labelling system at Pennine; provided extensible templates integrated with Datasym Stockade SQL.
- Comprehensively outlined best practices for different tasks, roles, and trained staff to ensure a smooth transition.

Summer 2015 **Premium Law Solicitors** · *Administrative Assistant*

- Handled all calls and attended to clients as the first point of contact.
- Conducted legal research, drafted correspondence, and prepared court bundles weekly.
- Archived documents, updated lists, and compiled communications before daily meetings.

Summer 2014 **Worldwide Cash & Carry** · *Retail Intern*

- Aided customers and maintained store standards in a busy environment.

EDUCATION
